Minnesota Mine Safety is pleased to give you the opportunity to golf yet another fantastic course this year!

Cannon Golf Club has been named a jewel on the banks of the Cannon River and is home to one of the best 18-hole golf courses in the Twin Cities area. Running along the Cannon River, it is an intriguing course, sprinkled with wetlands, ponds and streams that make for a fantastic round of golf. The golf course lies in an oak savannah where the prairie meets the water. Large mature bur oaks set along the Cannon River, streams and ponds give the course an elegance and charm that only comes with age. It's a year-round haven for bald eagles, red-tailed hawks, white pelicans, Canadian geese and other birds.

Mark your calendar for Tuesday, August 29th at 12:30 pm and send in your registration today!
